RECEIVED

JUN 1 1977

IN presenting our 44th Annual Fall Bulb Catalog, we take great pleasure in calling the attention of our many clients to our superb list of varieties. Having made most satisfactory arrangements with our Dutch growers, it enables us to give you the full benefit, which should encourage the planting of more bulbs this fall.

It is—and ever will be—our policy to offer only such seeds, bulbs and plants as measure up to the high standard we have set for them. QUALITY and SERVICE have been integral factors in establishing and maintaining for us a leading place in the horticultural world.

It shall be our constant aim to more fully merit the excellent reputation we enjoy as an establishment where one will find “Everything good for every good garden.”

W. E. MARSHALL & CO., Inc.

Messrs. W. E. Marshall & Co., Inc. give no warranty, express or implied, as to the productiveness of any seeds or bulbs we sell and we will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

LOCATION OF OUR STORE
Our store, No. 150 West 23rd Street, is situated between Sixth and Seventh Avenues.

MARSHALL'S MATCHLESS HARDY LILIES

Among the stateliest of all hardy plants, Lilies, during their respective flowering seasons, constitute the chief attraction in the hardy border. They prefer a well drained soil and should remain undisturbed for years. In the autumn give the bulbs a heavy mulching of leaves; coarse manure or straw will prove highly beneficial.

	Doz.	100
Amabile. Grenadine-red, spotted black	\$ 5.00	
Auratum (Gold-Banded Lily)		
Medium	18.00

Owing to the fact that we receive Lily Bulbs from various parts of the world, we are sometimes unable to fill an entire order at one time. In this case bulbs will be forwarded just as soon as they arrive.

MARSHALL'S MATCHLESS DARWIN TULIPS

The Darwin Tulips, while among the last of the race to bloom, are easily first in the affections and esteem of flower lovers. Gorgeous in color, easy to grow, splendid as a cut flower, superb in mass plantings in shrubbery, they may be easily forced if brought into the conservatory or greenhouse not earlier than January.

Doz. 100

Afterglow. A rich, deep salmon-orange, salmon border. A striking variety. 26 in.	\$1.65	\$12.50

	Doz.	100
Marshall's Exhibition Mixed Darwins ..	\$1.50	\$11.00
Marshall's All Garden Mixed Darwins ..	1.25	8.50

DUTCH BREEDER TULIPS

Breeder Tulips bloom at the same time as the Darwins and their immense blooms are erectly held on long, strong stems. The colors of the Breeder are what modernists term as "art" or pastel shades, embracing rich tones of bronze, yellow and purple. For association with the brighter hued Darwins, they are unsurpassed.

	Doz.	100
Bacchus. A superb flower of rich violet-blue, darker exterior. White base. 28 in.	\$2.00	\$14.50
Cardinal Manning. Mauve and rose. 28 in.	2.10	14.50

Schoonoord. The best double white Tulip. 12 in.	2.20	14.50
Tea Rose. Soft saffron-yellow. 12 in.	2.20	14.50
Marshall's Rainbow Mixed Double Tulips.	1.65	12.00

Double

Tulips

MARSHALL'S SINGLE EARLY TULIPS

(April Flowering)

For outdoor planting, 4 inches to the bottom of the bulb is deep enough, and a distance of 5 to 6 inches between the bulbs is sufficient. They may be planted in October and November, before the ground freezes. For pot culture, a compost of two parts loam to one part light manure, with some sand intermixed, is suitable. From three to five bulbs, according to size, in a 5-inch pot, are very effective. The pot should be buried until the bulbs are well rooted.

	Doz.	100
Couleur Cardinal. Rich crimson; large and beautiful. C12	\$2.00	\$14.00
De Wet. Beautiful golden, flushed and striped fiery orange-scarlet. B15	2.00	14.00
Fred Moore. Dark orange; long stems; early forcer. A14	2.00	14.00
Golden Mascot. Large golden yellow. 14 in. . .	2.25	15.00
Great City. Enlarged Keizerskroon. 12 in.	2.25	16.00
Ibis. Dark, brilliant pink. Large flower and fine forcer. 12 in.	2.00	14.00
Keizerskroon. Crimson-scarlet, bordered with clear yellow. B14	2.00	14.00

Rose Luisante. Deep rose; beautiful large flower. C10	2.00	14.00
Sunburst. Yellow flushed red. 12 in.	2.25	16.00
White Hawk. Pure white; early. 12 in.	2.00	14.00
Marshall's Rainbow Mixed Single Tulips . .	1.80	13.00

TULIPA SPECIES

Eichleri. A native of Turkestan. It is a fine species with large leaves and broad flowers of intense scarlet, having a black blotch at the base margined with yellow. Height 8 in.
\$2.00 per doz.; \$13.50 per 100

Kaufmanniana. The flowers are very large, the color being white to creamy yellow tinged with pink on the outside, the petals marked with a broad orange blotch. Height 8 in.
\$2.25 per doz.; \$15.00 per 100

MARSHALL'S NARCISSUS

and DAFFODILS

Daffodils are an indispensable factor in the pageant of spring floral beauty, and whether grown as specimens in the garden borders or planted "au naturel" in woodland or glade, each blossom seems a concentrated gleam of golden sunshine. Absolutely hardy, they increase in beauty and size, year after year. Our list has been carefully compiled and contains all that is best in these splendid bulbs.

MARSHALL'S EXHIBITION HYACINTHS

The varieties enumerated below have been selected for their distinct coloring and free flowering qualities, and are all **SELECTED TOP ROOT BULBS**, specially suited for growing in pots or glasses, or for high grade bedding.

SINGLE BLUE AND PURPLE

- Bismarck.** Medium blue; large spike.
Grand Maitre. Dark porcelain-blue; extra large.
King of the Blues. Deep purplish blue; fine spike.
Perle Brilliante. Light blue; perfect shade.

SINGLE RED, ROSE AND PINK

- Gertrude.** Bright rosy red; large, compact spike; very popular.
Lady Derby. Light rose-pink; early forcer.
La Victoire. When forced, brilliant dark pink; grown outside, a brilliant red.
Marconi. Large deep pink.
Queen of the Pinks. Late; pink.
Pink Pearl. Early; rose-pink.

SINGLE WHITE

- Aren Arendsen.** Early white; large.
L'Innocence. Pure white; good flower spike.
White Star. Late; pure white.

SINGLE YELLOW

- City of Haarlem.** Golden yellow.
Prins Hendrik. Clear yellow; early forcer.
Yellow Hammer. Golden yellow.

Planting Table for Beds of Bulbs

A circular bed 6 feet in diameter, with bulbs 6 inches apart, requires 110 bulbs; 5 inches apart, requires 160 bulbs; 4 inches apart, requires 300 bulbs.

Depth at Which Bulbs Should be Planted

Many of our customers are frequently puzzled to know the proper depth and distance apart at which bulbs should be planted. The accompanying diagram conveys the information much more clearly and briefly than we could describe it. The chart will bear careful study. OUTDOOR PLANTING SHOULD BE DONE EARLY IN THE FALL to secure healthy plants, vigorous foliage and beautiful flowers.

MARSHALL'S PERENNIAL AND BIENNIAL FLOWER SEEDS FOR SUMMER SOWING

Seeds of perennials should be sown in June, July or August in cold frames or prepared beds and seedlings transplanted when large enough to handle. Protect with sash or light covering in the winter.

For description of varieties, see our spring catalog.

MARSHALL'S Pot Grown STRAWBERRIES

For Summer and Fall Delivery

EXTRA EARLY VARIETIES

Per 100

Premier. Produces vast quantities of sizable, attractive berries of excellent quality \$11.00

MEDIUM EARLY VARIETIES

Dorsett. Large, bright red, firm berries of excellent quality. Introduced by the U. S. Department of Agriculture 11.00

Fairfax. The best of the medium early class. Fine large bright red berries of extra size. Another introduction of the U. S. Department of Agriculture 11.00

Senator Dunlap. A large cropper with firm berries of excellent flavor. Does well in almost any soil 11.00

MIDSEASON VARIETIES

Big Joe. Large, firm berries in abundance. Equally attractive to the eye and palate 11.00

Catskill. A heavy yielder of excellent fruit, being very productive and of high quality 11.00

Royal Sovereign. The flavor is rich and vinous. An excellent variety for forcing 11.00

LATE VARIETIES

Chesapeake. This variety requires high culture upon clay loam. The berries are firm and bright crimson in color ... 11.00

Gandy. An old and popular variety. The texture is of the firmest and the color a bright flame 11.00

Red Star. A strong, healthy plant maker. Berries very large, attractive bright red when grown in moist soil and well mulched 11.00

Starbright. One of the finest of the "lates." A heavy yielder, strong foliage and stems holding the fruit well up; very healthy, and the quality is excellent 11.00

EVERBEARING VARIETIES

Brunes Marvel. In our opinion it is the best everbearer that has ever come out. It flowers and fruits steadily from June until frost. The fruit is good size, well shaped and excellent quality 20.00

Gem. The new everbearing sensation, producing bright, sparkling red berries, uniformly large in size. They are solid red to the center, juicy, deliciously sweet, and very free from acid. A winner in flavor, quality, size, beauty and yield. Does well on all types of soil 14.00

Mastodon. "The Wonder Berry." One of the largest, most delicious and heaviest yielding of the everbearing sorts 14.00

MARSHALL'S

Lawn Grass Seed

MARSHALL'S "DUROGREEN" LAWN GRASS

This "Durogreen" mixture is the result of years of experimenting and is composed of the proper proportions of fine-leaved, deep-rooting, perennial grasses which will thrive under varied conditions of soil and climate, maintaining a succession of growth during the different seasons of the year, thus insuring a rich, deep green, smooth and velvety lawn, free from clumps.

Lb., 90c; 5 lbs., \$4.25; 25 lbs., \$21.00; 100 lbs., \$80.00.

MARSHALL'S "Matchless" LAWN GRASS

Only grasses of lasting value and extreme hardiness are used in this popular mixture and we exercise great care to use only the purest seed in the proper proportions in its blending. This mixture is recommended to those who desire a popular priced mixture for average conditions and requirements.

1 lb. will sow a plot 15 x 15 ft.; 5 lbs., 25 x 40 ft. (1000 sq. ft.); 200 lbs., 1 acre (43,560 sq. ft.).

Lb., 75c; 5 lbs., \$3.50; 25 lbs., \$17.00; 100 lbs., \$65.00.

MARSHALL'S "Shady Place" LAWN GRASS

The grasses used in making this special mixture are only those adapted for growing in shade. It has been successfully used on some large operations where a greensward was desired on land partially shaded by old trees.

Lb., \$1.00; 5 lbs., \$4.75; 25 lbs., \$23.00; 100 lbs., \$90.00.
